DEPARTMENT OF ENERGY
COMPUTATIONAL SCIENCE
GRADUATE FELLOWSHIP

The Department of Energy Computational Science Graduate Fellowship (DOE CSGF) provides up to four years of financial support for students pursuing doctoral degrees in fields that use high-performance computing to solve complex problems in science and engineering.

The program also funds doctoral candidates in applied mathematics, statistics, computer science or computational science – in one of those departments or their academic equivalent – who undertake research in enabling technologies for emerging high-performance systems. Complete details and a listing of applicable research areas can be found on the DOE CSGF website.

BENEFITS
• $45,000 yearly stipend
• Payment of full tuition and required fees
• Yearly program review participation
• Annual professional development allowance
• 12-week research practicum experience
• Renewable up to four years
