

DEPARTMENT OF ENERGY NATIONAL NUCLEAR SECURITY ADMINISTRATION

STEWARDSHIP SCIENCE GRADUATE FELLOWSHIP

The Department of Energy National Nuclear Security Administration Stewardship Science Graduate Fellowship (DOE NNSA SSGF) program provides outstanding benefits and opportunities to students pursuing a Ph.D. in areas of interest to stewardship science, such as **properties of materials under extreme conditions and hydrodynamics, nuclear science, or high energy density physics**. The fellowship includes a 12-week research experience at Lawrence Livermore National Laboratory, Los Alamos National Laboratory or Sandia National Laboratories.

APPLICATIONS DUE 1.8.2020

APPLY ONLINE

The DOE NNSA SSGF program is open to senior undergraduates or students in their first or second year of graduate study.

BENEFITS

- + \$36,000 yearly stipend
- + Payment of full tuition and required fees
- + \$1,000 yearly academic allowance
- + Yearly program review
- + 12-week research practicum
- + Renewable up to four years

A researcher prepares for an antimatter-producing shot on Lawrence Livermore National Laboratory's Jupiter Laser Facility. The research is key to understanding the physics of our universe.

This equal opportunity program is open to all qualified persons without regard to race, gender, religion, age, physical disability or national origin.
